## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 15 and 16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 15 and 16 are rejected because they fail to further limit claim 14 on which they depend. The limitations contained in claims 15 and 16 are all already recited in claim 14.

### ***Allowable Subject Matter***

3. The following is a statement of reasons for the indication of allowable subject matter:

The independent claims each include limitations directed to the use of sub-interfaces located between the chipset and buffer and the buffer and the memory module, where the sub-interfaces operate independently of one another but in synchronization with each other. These limitations do not appear to be present in the prior art.
